

## Market Manners for Dogs

During the summer months, the market can be hot and filled with people, especially on Saturdays. Help us to ensure the safety of everyone at the market: **please be kind to your dog and leave it home during the summer.**

If you must bring your dog, be sure it can follow the market manners for dogs or you may be asked to leave.

### Market Manners for Dogs

Please bring only leashed dogs to the market that can follow these simple rules:

1. **Can walk on a loose leash through a crowd.** Remains relaxed in a crowded, noisy public setting.
2. **Exhibits self-control when meeting people and other dogs.** Can walk past people and other dogs without pulling, lunging or barking.
3. **Can safely be approached by people of ALL ages.** Accepts the approach of strangers and overtures of a child.
4. **Shows manners and obedience at vendor tables.** Avoids sniffing, licking or tasting product on or around a vendor's table.

For safety reasons: **ALL LEASHES MUST BE 4 FEET OR LESS AND NO RETRACTABLE LEADS.**
